**Thesis
Statement**

What do you think is the impact of the content on kids?

Main Argument

Learning

- Kids can learn the wrong things.

Eyesight

- Kids' eyesight can be decreased.

Vulnerable

- Kids are vulnerable to stimulation.

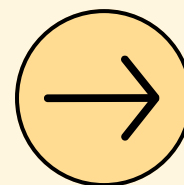

Addicted

- Kids can become addicted to the media content.

The opposite side

Opinion

- Kids can have various experiences and learn various things.
- Media content gives kids a chance to think a lot.

Refutation

Kids can learn more
by playing and
experiencing outside.

Conclusion

Kids should play with their friends
rather than the media.
